ONE LOUISVILLE: COVID-19 RESPONSE FUND

Mayor Greg Fischer announced on March 18, 2020 that Louisville Metro Government, the Community Foundation of Louisville, Metro United Way, and other community partners have created an emergency response fund to rapidly deploy resources to individuals and community-based organizations impacted by the COVID-19 outbreak in our region.

The One Louisville: COVID-19 Response Fund will provide flexible funding resources for rental assistance, childcare assistance, transportation aid, food access, utility assistance, pharmaceutical needs, and other support as determined, via \$1,000 payments to eligible households. Funds will also be made available to community-based organizations that are being hit hard by the disruptions caused by the COVID-19 pandemic.

Funds will be managed by the Community Foundation of Louisville, with distribution to households managed by Louisville Metro Government's Office of Resilience & Community Services. Funding to community groups will be directed by the Community Foundation of Louisville, in coordination with Metro United Way and fund partners.

HOUSEHOLD ASSISTANCE

Households seeking assistance should call their nearest Neighborhood Place location. Those locations are closed to walk-ins but will have drop-boxes available to leave verification documents required for getting assistance.

To be eligible for support, individuals/households must be Jefferson County residents with an income at or below 100 percent of Area Median Income (AMI), which is determined by the U.S. Department of Housing and Urban Development. The AMI for the Louisville region is \$76,400 for a four-person family (100 percent AMI).

Applicants will be asked to offer proof of identity and supporting documents that demonstrate a loss of earned income due to the COVID-19 pandemic due to medical reasons, business closure, or school closure.

To find a Neighborhood Place in their area, residents may call Metro311 or (502) 574-5000, or visit www.louisvilleky.gov/neighborhoodplace.

ASSISTANCE FOR COMMUNITY-BASED ORGANIZATIONS

The One Louisville: COVID-19 Response Fund also seeks to address both short-term needs of nonprofit organizations, as well as reserve funding to address longer-term potential impacts.

Community-based organizations seeking assistance should contact the Community Foundation of Louisville at (502) 585-4649 or go to <https://www.cflouisville.org/>.

In order to move resources quickly and not further burden organizations at the frontline of this outbreak, there is no formal application process during the initial round of funding. Funds will be released on a rolling basis as fundraising continues throughout the outbreak and recovery phases, making it possible to move resources quickly and adapt to evolving needs in subsequent funding phases.

The One Louisville: COVID-19 Response Fund expects to make an initial round of grants in April.
